PROFESSIONAL EXPERIENCE

Equinotec Soluções de Engenharia Lda.
IT Specialist (Development and Support)
Develop and maintain internal web systems using PHP, JavaScript, and MySQL. Created a complete maintenance management and CRM platform with dashboards, scheduling, reports, and data synchronization. Provide software and hardware support, Debian server maintenance, and DevOps routines.
January 2025 - Present

Digitalmente, Novas Tecnologias de Comunicação, Lda
Web Developer (PHP, Javascript, MySQL)
Curricular internship focused on developing a real-time dynamic dashboard for customer support management. Implemented features include enhanced ticket tracking, insight generation through visual analyses with interactive graphs and data, as well as continuous report download capabilities. These improvements significantly contributed to process efficiency and data-driven decision-making.
April - July 2024

Ramada Aços SA.
Maintenance and Conservation Technician
Full-time position focused on ensuring the operational reliability of machines used in metallurgical heat treatments. Responsible for performing preventive maintenance, diagnosing and resolving issues, as well as repairing equipment, directly contributing to operational efficiency and continuity as part of the maintenance team.
2021 - 2023

VOLUNTEERING

Alquimia das Estrelas
I was an integral member of the solidarity and volunteering group Alquimia das Estrelas: ASAS - Anjos Solidários
Conducted amateur theater and other types of shows to raise funds and material goods for donation to institutions, particularly the pediatric ward of IPO Porto. Collaborated with Parish Councils for social activities.
2014 - 2023

PARTICIPATION

XAXAS Carnival Group
Full member of the Xaxas Ovar Carnival Group
Actively participating in this Ovar Carnival group has been an incredibly enriching experience, allowing me to improve my creativity, communication, teamwork skills, and much more.
2006 - present

GAC
Participated in the Music Section of the Válega Cultural Action Group
I learned to play classical guitar, cavaquinho, and also participated in the spectacles of the same musical section.
2007 - 2016

INTERESTS

Technology   Music   Books   Fishing   Sports
